R-Value

T12 Thickness = 1 1/8" R value = 10.40
T16 Thickness = 1 3/4" R value = 16.04

Steel-Craft's ClimaCore advantage means that we inject polyurethane insulation directly between the two exterior panels. This CFC and HCFC-free foam gives you better energy efficiency and greater strength.

Door sizes

ThermoCraft doors have a standard headroom requirement of 12". Low headroom kits are available for special applications.

Height	19.2"	21"	24"	Total
6'			3	3
6'5"	4			4
6'7"	3	1		4
6'8"	2	2		4
6'10'	1	3		4
7'		4		4
7'3"		3	1	4
7'6"		2	2	4
7'9"		1	3	4
8'			4	4
8'2"	4	1		5
8'4"	3	2		5
8'5"	2	3		5
8'7"	1	4		5
8'9"		5		5
9'		4	1	5
9'3"		3	2	5
9'6"		2	3	5
9'7"	6			6
9'9"		1	4	5
9'11"	4	2		6
10'			5	5

T12 19.2" sections are available in white only.

Premium quality in every layer

We use only the best components for a finished product that delivers unmatched quality and durability:

- Finest quality Canadian galvanized steel
- Polyester paint topcoats to protect the underlying zinc coating
- Thermal-Break separates steel skins to reduce cold/heat conductivity, and stops frost and moisture from collecting on the inside of the door

Hardware

We design and manufacture all hardware components to ensure:

- Optimum strength, durability and smooth operation
- Highest gauge and strongest steel amongst the market
- Top quality nylon rollers for long life and quiet operation
- Computer balanced oil tempered torsion springs, steel bearings and die cast cable drums increase ease of operation
- Corrosion resistant galvanizing is used on all steel parts to reduce the possibility of rusting

Weather Seal

- Exterior grade, double finned weather-stripping provides excellent protection from outside elements as well as a crisp finishing touch to the perimeter of your door.
- Air and wind flow is eliminated by the use of a continuous weather seal inserted between each section.
- Arctic grade seal conforms to minor floor irregularities providing protection against outside air, dust, dirt and moisture.

Virtually Maintenance Free

Finished with a factory applied, baked-on, two-coat exterior polyester paint finish on both sides gives years of maintenance-free operation. The seamless steel inside brightens the interior of the garage and is easy to keep clean.

Unnecessary Lifetime Warranty

Sure, we have a lifetime warranty. But, after thousands of tests performed on all of our parts, we don't think you'll ever need it. In fact, only 0.01% of our customers ever do. See dealer for complete details

Colours

White (QC4654)

Sandstone (QC6411)

Brown (QC5069)

Linen (QC7892)

ThermoCraft doors come in a standard wood grain finish. They can also be painted to match your home.

NOTE: Colour representation may not be accurate. Exact colour matches can be requested from a Steel-Craft dealer.
